

Oakey State High School

26 July 2007

To Whom It May Concern:

Jan Clewett joined Oakey State High School secondary education and Vocational Education all on the same day in 2006. She has been on an incredibly steep learning curve dealing with adolescents, a new way of teaching and a new set of skills to relate with students and her colleagues.

Her work with students has made the mundane go to interesting and challenging. She has used technology as the magical tool to make learning, "just in time" relevant, self-paced and rewarding for students who have a wide range of abilities and technology skills and interests.

Jan has a dream about on-line workplace learning which embraces quality, flexibility and relevance for all students. She has also taken up with enthusiasm a coaching and mentoring role within the school amongst her colleagues.

I believe Jan Clewett is a great asset to our professional community. I fully endorse the quality and professionalism of her application.

Yours sincerely

Chris McNally
Principal
