Subject: SPOL Newsletters / VET Data

Hi Jan,

Your idea for the WHS unit sounds terrific. It is not one of my favourite units to teach. Any ideas you have to make the topic interesting will be appreciated. Maybe just what our staff need to get them motivated. Don't overdo it while you are recuperating.

I have attached a number of documents that contain information regarding VET. I suggest a quick skim read to determine if any articles/segments are of value to your delivery of VET.

Cheers

Andrew Train
