Hi Jan,

You are very welcome to use them.

It is great to hear you enjoyed them.

If you require anything further please don't hesitate to ask.

Best wishes

Craig Burton

Subject: You tube ergonomics videos

Hi,

I am a secondary school teacher at Oakey State High School, Queensland, Australia. I teach Business and IT and I am at present teaching ergonomics to 15-17yr old students studying Workplace Health and Safety. I have viewed your Office series videos on ergonomics on Youtube and I am very impressed with the easy to understand way you present ergonomics and stretches. I would like my students to be able to watch them however our Education Department blocks Youtube videos coming into the school.

I am hoping you will give your permission for me to copy the flv videos onto the Queensland Education Department content management system so my students have the opportunity of watching your educational videos. The videos would be available to students to access under a secure username and password. Your videos would complement the learning materials I am presenting at the moment.

I look forward to your reply.

Jan Clewett
